
REO/BPO Agent in Clallam County, Washington

Posted by mousebarnard - 2009/12/19 13:45

I have been a Realtor since 1991 and started our company in 2000. I have trained my agents to complete BPOs, handle short sales successfully, and to administer REOs. My BS Degree is in Business Administration with a major in accounting, so I am detail oriented. I understand the detail work associated with REOs. This is an area of work that I would like to get back into after handling HFC transactions in the mid 1990s. I have an office with 5 full time agents that can complete BPOs and handle REO transactions successfully.

hi

My BPO team assists busy real estate agents to complete BPO orders faster. With our quick turnaround time, we can help complete BPO orders on your behalf, thereby freeing up your time to focus on expanding your business.

Please feel free to contact me via email anjima@softincubator.com to discuss more on the possibilities.
